

Copy a CD or DVD as Easily As You Copy Paper!

The Orbit is a low cost, high performance CD Recordable duplication system that incorporates the ingenuity of MicroBoards Technology's Champion series of standalone autoloaders. Orbit's exclusive kernel autoloading technology, small desktop footprint, and ease of use, provides any user that has entry level CD duplication requirements with fast, consistent performance. Simply load the 50 disc input hopper with blank media, place the master disc into the CD reader, and Orbit's buttonless operation runs your job automatically. Orbit is perfectly suited for applications including Pro Audio, Software Development, Government, Desktop Publishing, and many more. Call your MicroBoards Technology Account Manager for additional details.

Features:

- Low cost /entry level
- Completely standalone, no PC required
