Introducing

Primera's

new EXTENDED

Warranty
PROGRAM

In Life ...
THERE ARE NO
Guarantees,
RIGHT?

WRONG! This
 may be true when
 it comes to some
 things in life but
 not when it comes
 to your Primera
 Color Printer
 or Duplicator.

Through Primera's Extended Warranty Program*, you can extend the current product warranty you received upon purchasing your printer to a full extra year worth of product support. The Extended Warranty Program guarantees that you will receive printer repairs, hardware replacement, and return shipping if your printer should ever fail during the extended warranty period.

This special program offers you the peace of mind which comes from knowing that your printer is backed by Primera's rock-solid warranty. And, best of all, this program is available at a price you can afford.

If you would like to take advantage of Primera's Extended Warranty Program, simply order through your Reseller or fill out and return the attached reply card, along with your payment and a copy of your original printer invoice. But hurry, you only have 30 days from the date of original purchase to take advantage of this special offer. Please note that this program is offered to customers in the U.S.A. only.

By enrolling in the Extended Warranty Program you can be sure that your investment will be protected for years to come. Apparently, some things in life *are* guaranteed!

*Extended Limited Warranty: The Extended Limited Warranty Program offers an additional one year limited warranty which reflects the exact same policies outlined within the initial limited warranty you receive upon purchasing your product. Together these two limited warranty programs allow up to, but not more than, two years of limited product warranty. Please review the Limited Warranty statement originally included with your product for details.

YES

I would like to enroll in Primera's Extended Warranty Program. A copy of my invoice or sales receipt is included.
