Advanced Printing Technology

The **FlashJet 4800**™ is the most advanced CD/DVD imager ever manufactured by **R-Quest Technologies**™. Whether you duplicate discs for audio, music, software, video, or data storage, **FlashJet 4800**™ delivers all the performance you need for high-volume, high-quality disc printing - at a price that is extremely affordable. The **FlashJet 4800**™ is your best CD/DVD imaging solution!

Brilliant Colors

For the most remarkable print quality, speed and performance, look to the **FlashJet 4800**™ CD/DVD imager. With incredible 4800 dpi print resolution - the best in the world - all of your discs will have very sharp text, graphics and photos. Colors are bright, vibrant and truly photo-quality. Your discs will look highly professional, creating a positive, lasting impression.

Very Intelligent

FlashJet 4800™ is one of the most intelligent printers on the market today. It tell you the approximately levels of ink remaining in the cartridges and also knows the differences of the cartridges loaded to maximize your print quality! Now _that's_ smart!

FlashJet 4800™

Imaging Systems for your everyday needs.™
