R-Quest™

Printing Freedom!

Printing your discs does not have to be an afterthought! The *TP-5100*™ puts printing in the forefront with a set of features that would make even the most demanding individual smile! The *TP-5100*™ is a networkable print station for those who want the freedom to create their print images separately rather than tie them to a duplication job. Freedom of choice is also present with the *TP-5100*™ as you can choose from colorful ink-jet printers to durable and crisp thermal printers.

Leave A Lasting Impression!

Whether you're looking for durable printing that lasts and lasts or simply want that perfect photo-quality look, the *TP-5100*™ is for you. Full 4800dpi color images (*FlashJet 4800*™) look fantastic and will please even the most discriminating buyer, and the professional and durable text of the thermal printer give the corporate appearance you have been looking for.

Time Is Money - Don't Waste It!

Time is money and you don't want to tie up either one, loading and unloading discs or changing ribbons on a printer! The *TP-5100*™ has solved that dilemma by taking your manually loaded printer and completely automating it. Simply set your printer in place and it's ready to go. The reliable robotics and intelligent, yet easy menu display will allow you to run the job for hours without human intervention. Convenient *and* easy - Money saving ideas that produce results!

EXCEEDING EXPECTATIONS...IS R-QUEST.™
