

P55 Thermal Printer

Stand Alone High-Resolution Thermal Printer

- Revolutionary New Printing System Featuring Dye-Sublimation
- Outstanding Photo Quality
- 400 DPI Print Resolution
- Highest Resolution Available Today
- Bleed Free and UV Stable

TEAC's new P55 Thermal Printer produces high quality thermal prints that are photo realistic. TEAC has redefined the industry standard with its thermal printer.

TEAC's P55 has been optimized to produce vibrant colors with increased clarity and sharpness of each image produced. The 400 dpi resolution is the highest in the industry today unmatched by any competitor!

TEAC's P55 thermal printing technology ushers in a new era of affordable, high quality CD/DVD media printing, producing photo realistic labels that are truly unmatched. The CD-R/DVD-R labeling has been given a new meaning. TEAC's P55 printer blows away traditional screen printing and replaces it with unsurpassed quality never before seen on a thermal printer.
